

Reliving the suspense

an institutional ethnography of the OSCE

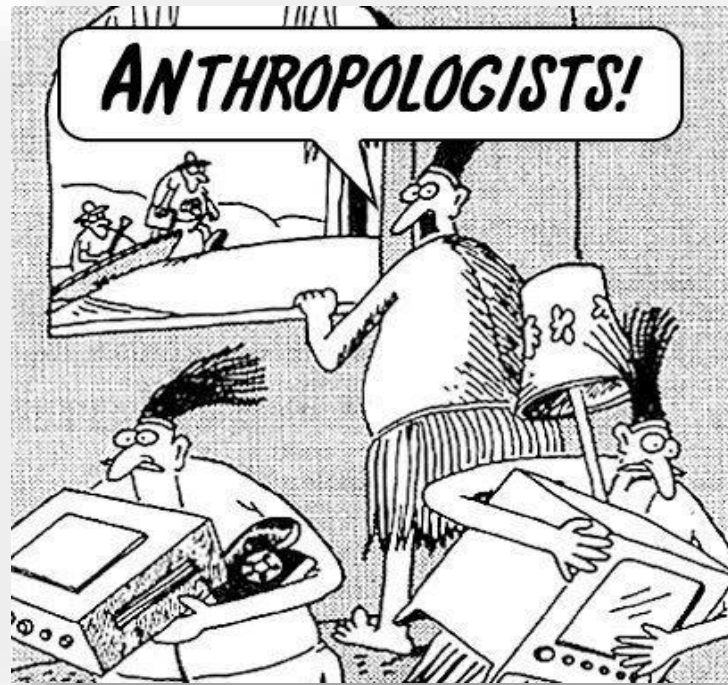

Dr Gráinne Kearney
Centre for Medical Education
Queen's University Belfast
Supervisors - Dr Gerry Gormley,
Dr Jenny Johnston, Dr Nigel Hart.

The Objective Structured Clinical Examination (OSCE)

Gormley et al (2016.) The show must go on? Patients, props and pedagogy in the theatre of the OSCE. *Medical Education*. 50; 1237-1240.

"However, employing a sociological paradigm for the study of OSCEs has the potential to open a very valuable window onto the ways doctors define and reproduce professional behaviours." (Brian Hodges, 2003.)

"Institutional ethnography begins where people are and proceeds to discover the workings of the social structure that extends beyond any one of us." (Smith, 2006.)
