

ICCH PART 2: ONLINE

INTERNATIONAL CONFERENCE ON
COMMUNICATION IN HEALTHCARE

15 - 16 April 2021

MISSING COLLEAGUES AND MAKING NEW CONNECTIONS?

There are lots of exciting opportunities for you to network at the **ICCH 2020 Part 2 Conference** from **15-16 April 2021**: an online conference with communication at its heart.

ONE-TO-ONE NETWORKING

View and search the list of attendees and connect with others on specific topics.

Communicate one-to-one with anyone at the conference with a video meeting or chat.

EACH PAIRING WITH COLLEAGUES PROGRAMME

The programme is an opportunity for less experienced colleagues to have a dedicated time to discuss their teaching, research and - or policy/practice issues with more experienced colleagues in their field.

Not yet registered for this?

Sign up here: each.international/pairing-programme/

GROUP NETWORKING

Participate in group networking activities via the **Networking Lounge**. See who's at a table before joining - each table is a group video meeting. A great place to have a conversation over coffee or lunch.

Continue discussions from the programmed sessions on the **Message Board**. Interact with posts by liking and commenting.

PRE-CONFERENCE COURSES

Enrol in one of the **pre-conference courses** on offer:

1. Observational coding of healthcare communication: unpacking patient-provider interactions
2. Can I really say that? Navigating feedback across differences
3. Workplace-based communication skills teaching and learning
4. Research on shared decision making: contemplating definitions and measures
5. Knowledge translation in health communication: Linking research, policy and practice

NETWORKING TOPICS

LIVE programmed networking sessions, include:

- Better Care through Better Policies: pEACH networking session
- Bridging the gap between healthcare communication teaching and research
- Launching the Special Interest Group on Nurses' Communication: Come be involved!
- rEACH networking session - connect with the EACH Research committee
- Surgical Special Interest Group
- tEACH networking session - connect with the EACH Teaching committee
- Toward linguistic and culturally competent healthcare communication: barriers and solutions
- VR-CoDES in online communication skills teaching (and training) – a tool for practicing emotional communication skills

Visit each.international/eachevents/conferences/icch-2020-part-2/ to book your place and view the latest information.

With thanks to our sponsors:
